ANTONETTE R. ALBARRACIN, MIT
BSIT/ACT Program Head
SPAMAST

Dear Ma'am Tonette:

Praise be with Jesus and Mary!

I am writing to request your assistance in developing a library system to improve our operations, particularly in cataloging, circulation, inventory management, and user services. This system will help ensure efficient access to resources and better service for our students and stakeholders.

We would greatly appreciate your support in designing a system that meets our institution's needs. We are available to discuss the details at your convenience.

Thank you, and we look forward to your positive response.

Respectfully yours,

IVY A. ORTIGA, RL, MLIS
Director, Learning Resources & Library Services
